

Practice Direction Number 3 of 2013
District Court of Queensland

Technology standards for using Court DVD Players
for evidence presentation

1. The object of this Practice Direction is to ensure that evidence presented on a CD or DVD for playback on Court DVD players is managed effectively.
2. Parties using Court DVD players to present evidence or other information in Court are to comply with this Practice Direction.
3. In sufficient time before the Court event, the party proposing to use a Court DVD player must contact the relevant Registrar to arrange a test of the compatibility of the proposed format with the Court DVD player. Contact details for all courthouses can be found at:
<http://www.courts.qld.gov.au/contact-us/courthouses>
4. Evidence or other information to be presented using a Court DVD player must be readable by a standard, unmodified commercial DVD player compatible with the following standards:
