

TRANSCRIPT OF PROCEEDINGS

CORONERS COURT

HENNESSY, Coroner

IN THE MATTER OF AN INQUEST INTO THE
CAUSE AND CIRCUMSTANCES SURROUNDING
THE DEATH OF TIMOTHY MICHAEL HANLEY

ROCKHAMPTON

..DATE 22/11/2007

FINDINGS

WARNING: The publication of information or details likely to lead to the identification of persons in some proceedings is a criminal offence. This is so particularly in relation to the identification of children who are involved in criminal proceedings or proceedings for their protection under the *Child Protection Act 1999*, and complainants in criminal sexual offences, but is not limited to those categories. You may wish to seek legal advice before giving others access to the details of any person named in these proceedings.

CORONER: I find that the deceased was Timothy Michael Hanley,
born on the 9th of April 1986. He died at his home in
Rockhampton on the 30th of January 2006 from poisoning by
diphenhydramine and dextromethorphan after taking a compound
referred to as Herbal Ecstasy which he apparently ordered over
the internet and received by post. I'm satisfied that there
are no suspicious circumstances surrounding the death and, as
I said, those steps that are able to be undertaken in relation
to warning members of the public and other persons regarding
the dangers of this particular compound have been taken. I
don't consider that there's anything further than I can
usefully do in relation to this matter and I close the
inquest.
