

# LAND COURT OF QUEENSLAND

## PRACTICE DIRECTION 3 of 2011

### **Additional Applicant Information and Statutory Declaration for the Land Court (AISD) in relation to: Mining Claims, Mining Leases or Additional Surface Areas of Land for Mining Leases (Form 3)**

1. This Practice Direction repeals and replaces Practice Direction 6 of 2009.
2. The purpose of this Practice Direction is to ensure that the Court's procedures for dealing with applications under the *Mineral Resources Act 1989* for mining claims, mining leases or additional surface areas of land for mining leases (where there are objections) are as simplified and expeditious as possible.
3. To that end, where there are objections, each applicant is required to:
  - a) complete **Form 3 (AISD)**; and
  - b) within five (5) business days after the last day for the receipt of objections for the application:
    - i) lodge form 3 with the mining registrar (at whose office the application was lodged) for forwarding to the Court;
    - ii) provide a copy to each objector.
4. Use of this form is intended to:
  - a) supplement the application (which applicants are reminded should be completed in a detailed and meaningful way); and
  - b) assist in reducing the number of Court directions hearings that may be required.
